

## State of Ohio Business Intelligence Enhancement Release Notes – August 2015

The State of Ohio Business Intelligence is pleased to announce the enhancements for the month of August, 2015. These enhancements were all requested by users, approved by the Business Intelligence Shared Council (BISC) where applicable, built, tested, and validated. This month’s enhancements consist of an updated Workforce Profile report, and new reporting fields in the Procure to Pay and ePerformance data marts.

### Contents

## 2 – HCM Enhancements

2.1 An update has been made to the *WFP-0031 Retirement Projections List* report. The report now includes a prompt which lets users select the level of data output they want to see – Summary, Detail, or Both. (see Figure 2 below). The report name has also been simplified to *WFP-0031 Retirement Projections Report*.

The summary level information was previously provided in the *WFP-0019 Retirement Projections* report. Now that users have one comprehensive retirement projections report in *WFP-0031*, the *WFP-0019* report has itself been retired.

2.2 Two new fields – *Completed Date* and *Completed By* – have been added to *Fact Employee Appraisal* table in *ePerformance* package (see Figure 3 on the following page).
